"He was the best man we had here," said Landis as he patted the first glasses full. "We'd get of him like the legislative halls of Washington long ago. He'd done us better there. But we never thought of doing anything for him. Just set round and let him build up the town and give him empty thanks. Drink hearty, gentlemen," he finished gloomily. "I don't grudge no liquor today—except to Lige Willett."

"He was a good man," said young William Todd, whose nose was red, not from the whisky. "I've about give up."

"It's gone to seem mighty empty around here," said Ross Schofield. "What's gone to become of the Herald and the party in this district? Where's the man to run either of 'em now? Like as not," he continued desperately, "it'll go against us in the fall."

Dibb Zane choked over his four fingers. "We might'st well bust up the dab dusted old town of his gone."

"I don't know what's come over that Cynthy Thworthy," said the landlord. "She's waited table on him last two years, and her brother Bud works at the Herald office. She didn't say a word, only looked and looked and looked like a crazy woman; then her

It looks as if a man's back is the center of strength when he is straining to lift or haul a heavy weight. But the center of strength is not the back, but the stomach. There's no strength in the back of a giant if he's starving. All strength is made from food, and food can only be converted into strength when it is perfectly digested and assimilated. When the stomach is diseased, the nutrition of food is lost and physical weakness follows.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It makes men strong and muscular, by enabling the perfect digestion and assimilation of the food eaten.

"I suffered from a very obstinate case of dyspepsia," writes R. E. Secord, Esq., of 11 Eastern Av., Toronto, Ontario. "I tried a number of remedies without success. I was so far gone that I could not bear any solid food on my stomach; felt melancholy and depressed. Could not sleep nor work. A friend recommended your 'Golden Medical Discovery.' I have taken three bottles and it has accomplished a permanent cure."

a sofa. Minnie stood before him with a look of pale inquiry, and he shook his head.

"No use to tell him, but I can't see any hope," he answered her, biting nervously at the end of a cigar. "I expect you better bring me some coffee in here. I couldn't take another step to save my life. I'm too old to tear around the country horseback before breakfast, like I have today."

"Did you send her telegram?" Minnie asked as he drank the coffee she brought him. She had interpreted "coffee" liberally and, with the assistance

of Mildy Upton, whose subdued nose was frankly red and who shed tears on the raspberries, had prepared an appetizing table at his elbow.

"Yes," responded the judge, "and I'm glad she sent it. I talked the other way yesterday, what little I said—it isn't any of our business—but I don't think any too much of those people somehow. She thinks she belongs with Fischee, and I guess she's right. That young fellow must have got along with her pretty well, and I'm afraid over it; but I guess we all will. It's terribly sudden, somehow, though it's only what everybody half expected would come, only we thought it would come from over yonder." He nodded toward the west. "But she's got to stay here with us. Boarding at Tibbs' with that old man won't do, and she's no girl to live in two rooms. You fix it up with her—you make her stay."

"She must," answered his daughter as she knelt beside him and patted his coat and handed him several things to eat at the same time. "Mr. Fischee will help me persuade her, now that

"Father," she said.

she's bound to stay in spite of him and the Sherwoods too. I've always thought she was grand, ever since she took me under her protection at school, when I—"

Minnie was speaking sadly, mechanically, but suddenly she broke off with a quick sob, turned to the window, then turned again to Briscoe and cried: "I don't believe it! He knew how to take care of himself too well. He'd have got away from them."

Her father shook his head. "Then why hasn't he turned up? He'd have gone home after the storm if something bad wasn't the matter."

"But nothing—nothing that bad could have happened. They haven't found—any—anything."

"But why hasn't he come back, child?"

"Well, he's lying hurt somewhere, that's all."

"Then why haven't they found him?"

"I don't care," she cried and choked with the words and tossed her disheveled hair from her temples. "It isn't true! Helen won't believe it. Why should I? It's only a few hours since he was right here in our yard talking to us all. I won't believe it till they've searched every stick and stone of Six Crossroads and found him."

"It wasn't the Crossroads," said the old gentleman, pushing the table away and relaxing his limbs on the sofa. "They probably didn't have anything to do with it. We thought they had at first, but everybody's about come to believe it was those two fellows that he had arrested yesterday."

"It wasn't the Crossroads," echoed Minnie, and she began to tremble violently. "Haven't they been out there

## THE WARY SLAV

Russians Retreating Before Japanese Advance in Korea.

## NOT READY FOR BATTLE

Constant Succession of Japanese Transports Landing Troops at the Theater of War.

The Russian Fleet Has Returned to Port Arthur After Short Cruise.

Seoul, March 18.—The Japanese authorities have been advised that the Russian cavalry in Northern Korea has partly recrossed the Yalu river and that a Cossack battery has also withdrawn. A small Russian force still occupies Chong Ju.

St. Petersburg, March 18.—Gen. Kuropatkin telegraphs that he has passed Omsk, and he adds that tomorrow there will be 230,000 Russian troops concentrated between Harbin and Port Arthur.

Tokio, March 18.—The Russian and Japanese scouts are now separated only by the river Ching Cheng just north of Anju.

London, March 18.—A correspondent at Cho Foo, who has just visited Chinampa, Korea, says: "On the way to Chemulpo we passed a constant succession of Japanese transports. Three thousand Japanese landed at Chemulpo at the end of last week." The correspondent adds that the Russians are retreating across the Yalu river before the advance of the Japanese outpost and that their forces in this district number 20,000.

A Wei Hai Wei correspondent learns that Viscount Ake, formerly Japanese minister to Germany, is going to Seoul to establish practically a Japanese administration for Korea.

Under date of March 17 a Che Foo correspondent reports that provision trains are arriving hourly at Port Arthur, the railroad being intact. A Tokio correspondent, cabling March 17 asserts that the Russian fleet has

RUSSIAN ARTILLERY.

returned to Port Arthur. If this is correct, the correspondent adds, it is evident from Rear Admiral Baron Von Stackelberg's report that the Russian cruisers which left Vladivostok returned to that port without an attempt having been made to unite the fleets, or if an attempt was made it was unsuccessful.

A Che Foo correspondent cabling under yesterday's date asserts that a portion of the Russian fleet made several cruises within a radius of fifty miles of Port Arthur without finding any trace of the enemy.

The foregoing dispatches are the only additional items of news appearing in the London newspapers today with the exception of vague rumors of alleged movements of the opposing forces in the vicinity of the Yalu river.

It is stated that the Russians are

again negotiating for the purchase of Welsh coal and it is reported from Hamburg that Russia is trying to place contracts with German ship yards for several new torpedo boat destroyers to be delivered this year. According to a dispatch from Antwerp Russia has acquired twenty large Antwerp transport steamers and has insured each of them for \$250,000.

## News of Port Arthur Fleet.

Washington, March 18.—A cablegram received at the Japanese legation last night from the Japanese consul at Shanghai says that the captain of a Norwegian vessel which had arrived there from Port Arthur reports that the Russian fleet left Port Arthur on the morning of March 12, but returned the same evening.

## For Military Needs.

Seoul, March 18.—Five thousand engineers are now employed in the building of the military railroad from Seoul to Wiju. Only a few miles have been completed. Civilians are working on the road from Seoul to Fusan. This road cannot be completed before next October.

## Denial Reiterated.

St. Petersburg, March 18.—A diplomatic agent of Viceroy Alexieff at Port Arthur reiterates the denial of the report that Port Arthur has been abandoned.

## COURT IN MOURNING

British Royalty Called to Lament Death of Duke of Cambridge.

London, March 18.—The Duke of Cambridge is dead. He was a cousin of Queen Victoria, and was born on March 26, 1819. The duke died peace-

fully at Gloucester House, his Georgian residence, in Park Lane. He had been confined to his house for some weeks, but until compelled to take to his bed he was about with his accustomed activity, being as was his custom, a constant attendant at functions of a national or charitable character.

The death of the duke makes necessary the postponement or cancellation of all royal functions, as the court will go into mourning for several weeks, and the program for the whole of the London season will also have to be revised.

After the funeral service in Westminster Abbey the Duke of Cambridge will be buried next Tuesday near the remains of his wife in Kensal Green cemetery. The funeral will be an elaborate military ceremony.

## DIVIDES RESPONSIBILITY

Gen. Bristow Says He Prepared Only Part of Postoffice Report.

Washington, March 18.—Fourth Assistant Postmaster General Bristow in testifying before the house special committee on the postoffice report claimed for himself responsibility for only the first seven pages of the report which was sent to the postoffice committee and said the other portions of the document were the work of other officials of the department.

The clerk hire section he said was prepared in the office of the first assistant postmaster general and that part relating to leases by inspectors and others in his own department.

Mr. Bristow's testimony threw considerable light on all phases of the inquiry. He practically cleared members of congress from wrong doing touching the clerk hire section of the report by stating that it was the duty of the first assistant's office to ascertain the condition of the work in an office where an increase had been recommended.

## Protected by Limitation.

St. Louis, Mo., March 18.—The statute of limitations expired yesterday on all bribery offenses committed during the 1901 session of the Missouri legislature, and there can be no prosecution of legislators who have not been indicted during the three years just ended. The cases of Senators Frank H. Harris, Charles H. Smith and Buel Matthews, who were indicted on charges of bribery, are yet to be tried.

## Didn't Heed Warning.

Laporte, Ind., March 18.—Adam Huffman, of this city, was struck by a fast Lake Shore train and received injuries which caused his death, several hours later. The theory of suicide is advanced from the fact that Huffman stood in the center of the track, after he had been warned, making no effort to escape as the train bore down upon him.

## Suicide to Music.

Omaha, Neb., March 18.—Asking his wife to play the piano for him, and while she did so, Maj. W. H. Bean, chief of the commissary department of Missouri, sent a bullet crashing into his brain at their home dying instantly. The only cause assigned for the act is bad health.

## SENATORS AT PLAY

Fascination of Jai Alai Demonstrated in Upper House.

## IT HELD A QUORUM

Even More Interesting Than Fiery Oratory Was the Play of the Basket Racquets.

Practical Exemplification of Cubans' Favorite Game Entlives Wood Case.

Washington, March 18.—With the paraphernalia for playing Jai Alai, a game which figures conspicuously in the contest against the confirmation of Gen. Leonard Wood to be major general, the members of the United States senate amused themselves for more than an hour yesterday afternoon, protected from the gaze of publicity by the closed doors of the executive session. A lively interest was manifested in the game. It was stated by members of the committee that the game will be introduced at the St. Louis exposition. Senators Proctor, Cockrell, Quarles, Foraker, Teller, Scott, Pettus, Blackburn and others who participated in the hearings before the military affairs committee where the game was explained by experts, were the exponents of Jai Alai. Senators Cockrell and Foraker, who have paid extensive visits to Cuba while the "Pelota" season was at its height, explained that the gambling features of the game are not essential to its adoption by the Cubans, while Senators Blackburn, Scott and Teller contended that without the betting privileges the Jai Alai company would not have made application to Gen. Wood for the concession to erect a building as headquarters for the game. The spectacle of senators clapping the basket racquets in their hands and gesticulating in their efforts to illustrate the manner of throwing the "pelota" ball in real play was so unusual that it came nearer holding a quorum than have any of the fiery speeches that have been made for or against Wood's confirmation.

After the executive session had adjourned a group of senators gathered in the middle of the chamber and Senator Blackburn read from the printed testimony given in the Wood hearing to prove that the game is

devoted almost wholly to gambling and that Gen. Wood knew this fact when he granted the franchise to the company. The demonstration of Jai Alai came in the last hour of the session and through it all ran a discussion of the game in which many senators participated. Gen. Wood's defenders scored a point when Senator Patterson admitted that he had spent a day studying the testimony in relation to the game and had come to the conclusion that it contained nothing detrimental to Gen. Wood's conduct and no reason for opposition to his confirmation.

## LIVELY DISCUSSION

House Democrats Active in Playing Politics.

Washington, March 18.—Mr. Southwick, of New York, precipitated a brief lively debate in the house by having read an editorial from the New York World giving Republicans credit for anti-trust legislation and the merger prosecution. It was offered by way of reply to Mr. Williams who asked if the merger decision was to be used by the Republicans as a theatrical political brick. Mr. Williams after the editorial had been read declared that the securities prosecution was instigated by Gov. Van Sant, whom he styled "a blanket Indian Republican," who refused to consult "headquarters" and that for very shame, after he had the case docketed, the administration prior to an election could not hold itself still. Mr. Tawney, of Minnesota, asserted that the Democrats in the Fifty-first congressional district voted against anti-trust legislation, but a vigorous protest came from Mr. Gaines, of Tennessee, and Mr. Williams, each of whom asserted that the Democrats had unanimously voted for such legislation.

Throughout the day the postoffice appropriation bill was under discussion and little progress was made. The minority leader declared the postoffice was rotten from turret to foundation stone, and the Republicans were trying to reorganize it on an appropriation bill.

## Senate's Plans for Future.

Washington, March 18.—The Republican steering committee of the senate has decided to press appropriation bills to the front, side-track all legislation likely to engender party strife and then, if the session is prolonged, place the responsibility for the delay on the Democrats. One of the members of the committee earnestly advocated adjourning by April 15, but it was agreed that this would be impossible. The committee discussed an order of business for the rest of the session and decided to side-track the general building measures, the several labor bills, the Hepburn-Dolliver liquor bill, and all similar legislation.

## STRAIGHT TALK ABOUT GETTING WELL

If this was the only medicine advertisement in this newspaper, we believe you would quickly try a bottle of our Rexall Mucu-Tone. But you have read the extravagant claims of so many marvelous medicines that you have grown skeptical.

Let us reason with you a moment. We say to you positively and without reservation that we have never before known a tonic or catarrh cure to accomplish the results worked by Mucu-Tone. It is a scientific, meritorious, reliable remedy. We know how it is compounded, and we unhesitatingly give it our endorsement—not only our endorsement, but our guarantee.

If you try a bottle of Rexall Mucu-Tone and are not thoroughly satisfied with it, we will refund your money promptly, cheerfully and without any red tape. Now, we can't afford to allow such strong statements to be printed in our advertising space unless we know we are right. If we deceived you in this advertisement, we would lose your confidence and your trade—and we don't spend money in advertising for the purpose of losing trade.

SOME OF OUR REASONS. Let us give you some of our reasons for talking so earnestly about Rexall Mucu-Tone. You know that our bodies are lined with a thin, web-like skin called the mucous membrane. It begins in the nose and mouth and extends down the throat through the stomach, intestines and bladder. It also covers the liver and kidneys; and in women, the pelvic organs.

Now this membrane is composed of millions of tiny cells filled with a fluid called mucous, which is a sort of lubricant for the various organs. If a few of these cells should become choked up and unable to supply this fluid, it would cause sickness; if most of them were so affected it would cause death.

WHAT IT MEANS TO BE "RUN DOWN."

This is what causes the state of ill health and weakness which exists when you are "run down."

Mucu-Tone is one of the famous Rexall Remedies, which are sold only at our store. Large bottles, 89 cents. Mail orders filled.

when the doctor tells you you are suffering with "general debility."

We know of one remedy that will correct these conditions and restore health—Rexall Mucu-Tone.

There is no need of a technical description of how Mucu-Tone on going into the stomach is quickly taken up in the digestive process and, entering the blood, is carried through the network of tiny capillaries and so is brought in direct contact with the sore membranes.

## NEW LIFE! NEW VIGOR!

What you—what all of us—are interested in is getting rid of the pain we are suffering, in regaining the strength we have lost, in restoring the vigor of youth, in filling our arteries with rich, red blood and building up our bodies and in steadying our fagged nerves.

Rexall Mucu-Tone does all of this and does it quickly. There is no long waiting for promised effects to slowly make their appearance; no months of deferred hope; no realization that you have again wasted money that you could ill afford to lose; no final despair.

## MRS. BEAUREGARD TELLS EXPERIENCE.

"I have taken every catarrh remedy I ever heard of—have tried each of them faithfully—in my efforts to get rid of a bad case of catarrh of the stomach and intestines which for three years has made my life miserable, but I can truthfully say that none of them can in any way compare with Rexall Mucu-Tone. The others may have helped me somewhat but—Mucu-Tone cured me. I did not believe it possible that I could ever again feel as well as I have for the past three weeks. Twenty years have apparently been taken off my shoulders and I feel so well I could almost about for joy. All pain and all of the nauseating symptoms have disappeared. Good, red blood is coursing through my veins and I am as strong as I am happy. All success to Mucu-Tone."

Mrs. Beauregard  
219 Second St., Albany, N. Y."

We know that Mucu-Tone will do all this and we hereby agree to refund your money if you find it otherwise.

Mucu-Tone is one of the famous Rexall Remedies, which are sold only at our store. Large bottles, 89 cents. Mail orders filled.

# ECZEMA SETS THE SKIN ON FIRE

No disease causes so much bodily discomfort, or itches, and burns like Eczema. Beginning often with a slight redness of the skin it gradually spreads, followed by pustules or blisters from which a gummy, sticky fluid oozes which dries and scales off or forms bad looking sores and scabs. It appears on different parts of the body but oftenest upon the back, arms, hands, legs and face, and is a veritable torment at times, especially at night or when over-heated.

In 1898 I experienced at times patches on the inside of my hands that itched and burned, causing much discomfort. As time went by it grew worse, and I was convinced that I was afflicted with Eczema. I consulted several physicians and a number of specialists, and used several external applications, receiving but slight temporary relief. In February I decided to try S. S. S., and in less than a month I experienced a change for the better, and by May all symptoms had disappeared, and I found myself entirely cured, and have had no return of the disease since.

W. F. BRUSH, Manager Stockman's Advertising Agency, Station A, Kansas City, Mo.

## SSS

The cause of Eczema is a too acid condition of the blood. The terrifying itching and burning is produced by the overflow through the glands and pores of the skin of the fiery poisons with which the blood-current is overloaded. While external applications, such as washes, soaps, salves and powders are of some use, they do not enter into the blood itself or touch the real cause of the disease, but S. S. S. does, and purifies, enriches, and strengthens the thin acid blood and cleanses and builds up the general system, when the skin clears off and Eczema with all its terrifying symptoms disappears.

### Visiting Editors Have a Royal Time at Bloomington.

The meeting of the Southern Indiana Press Association at Bloomington March 9 and 10 was one of the most enjoyable in its history. The visiting editors arrived on the Wednesday morning trains and were at once assigned to their places of entertainment.

Bloomington is the home of the Gentry Brothers whose four dog and pony shows never fail to draw big crowds every summer. At 1 p. m. four of the Gentry's largest band wagons, each drawn by eight ponies, were at the disposal of the visitors for a drive over the city, ending at the State University buildings.

After a brief business session the Association was entertained by a mock National Democratic convention by the University students. The enthusiasm displayed, the speeches made and the skillful generalship of the various leaders would have done credit to a genuine convention. Gorman, Parker, Hearst and Cleveland were placed before the convention and on the sixth ballot Parker received the nomination. Congressman Miers was named as his running mate.

At night a public reception was tendered in the library building followed by a banquet in the gymnasium.

President W. L. Bryan presided as toast master and addresses were made by representatives of Bloomington, the University and the visitors.

On Thursday morning after a business session the editors were entertained during the chapel hour with addresses, orchestra music and the University glee club. The closing session of the Association was then held and adjournment was taken to meet at the call of the executive committee.

In the afternoon a special Monon train took the visitors to see the stone quarries and mills located about Bloomington, returning in time to take the afternoon trains for home.

The officers elected for the coming year were:

President, J. N. Marsh, Columbus Times.

Vice President, Walter Bradfute, Bloomington Telephone.

Secretary, Jay C. Smith, Seymour Republican.

Treasurer, C. W. Thomas, Corydon Democrat.

Delegates to National Convention: Frank Gwin, New Albany Public Press; L. W. Cobb, Aurora Independent; Graham Sanford, Washington Herald; John W. Cravers, Bloomington World.

Of all the meeting places of the Association none have been more lavish in entertainment than the city of Bloomington, the State University and the Press Club, all three of whom united in looking after every detail that would add to the pleasure of the visitors. The visitors were impressed with the stronghold the University has on our citizens and with the great power it wields in our state, both in education and in almost every line of citizenship.

The visit to Bloomington is one that will always be remembered with pleasure.

## RUN DOWN, TIRED.

Nine-Tenths of the Seymour People are in This Condition.

W. F. Peter Drug Co. Say "Vinol is What Every Man, Woman and Child Needs at This Season of the Year."

Many people right in this vicinity are all run down, no strength, hardly able to drag about. Don't know what ails them.

In ninety-nine cases out of a hundred it is simply a run-down condition of the system—in other words, general debility.

Our Vinol is the one great tonic reconstructer which they need. It will create strength, tone up the digestive organs, cure all stomach troubles, create a hearty appetite, make rich, red blood and strengthen every organ in the body to do its work. It will drive away every feeling of lassitude, heaviness and depression, and infuse new life and energy.

Vinol is not a patent medicine, contains no injurious drugs, but it is the most delicious and valuable preparation of cod liver oil known to medicine without a drop of oil to retard its work.

Mr. Andrew Jackson, of Springfield, O., writes: "Every spring for years I have found myself in a worn-out, run-down condition, with no appetite, and before commencing the use of Vinol was practically a dead man on my feet. I tried this wonderful remedy, and am satisfied that it has done for me what doctors have failed to do in all these years. I am well and strong, and my entire system is full of vitality. As a tonic for a run down, tired, debilitated system Vinol stands at the head."

We wish every man, woman and child in Seymour who is in this condition would try Vinol and prove what it will do. W. F. Peter Drug Co.

## Central Christian Church Revival.

The visible results of the services last evening was one confession. Although the weather was bad and the crowd was small, everybody was thoroughly interested. The sermon on "Neglect" was treated from a practical standpoint. The solo "Christ is All in All," seemed to appeal personally to everyone and was one of the best that Miss Harris sang during the meeting. The meeting will close tonight and those who have not attended so far should avail themselves of this opportunity. The solo will be "I want to be there." Everyone should hear Miss Harris sing before she leaves. Subject to the sermon to be delivered by brother Jackson "Where will you spend Eternity."

# TOP COATS

The style of Spring Top Coats is familiar to most of people. It has changed but little in appearance this season. If anything it is a trifle fuller than heretofore. The box effect being strongly accounted in every line. The selection of fabrics is particularly handsome. The fabrics are mainly Tibets, Vicunas, Cheviots and Whipcords in Blacks, Tans, Browns and Fancy Patterns. Prices run from

# Motherly Advice

Every mother possesses information of vital value to her young daughter. That daughter is a precious legacy, and the responsibility for her future is largely in the hands of the mother. The mysterious change that develops the thoughtless girl into the thoughtful woman should find the mother on the watch day and night. As she cares for the physical well-being of her daughter, so will the woman be, and her children also.

When a young girl's thoughts become sluggish, when she experiences headaches, dizziness, faintness, and exhibits an abnormal disposition to sleep, pains in the back and lower limbs, eyes dim, desire for solitude, and a dislike for the society of other girls, when she is a mystery to herself and friends, then the mother should go to her aid promptly. At such a time aid nature a little and prepare the young system for the coming change by using

## Lydia E. Pinkham's Vegetable Compound.

Case of a Young Girl, of Interest to Every Mother and Daughter in the Land.

"DEAR MRS. PINKHAM:—I feel it my duty to write you these few lines thanking you for what you have done for me. I was in a terrible condition, could not eat or sleep, had no strength, felt tired all the time. I had such a bad color that my mother was very much worried about me. Also suffered with headache, backache, pains all over. Menstruation was very irregular and scanty, and had such bearing-down pains. I have taken both the Vegetable Compound and Blood Purifier, and now I am a well girl. I cannot be grateful enough for what Lydia E. Pinkham's remedies have done for me. I would advise all who suffer as I did to write to you for advice.—Miss KATIE C. CONNOR, 102 S. Franklin St., Wilmington, Del."

A medicine that has restored so many women to health and can produce proof of the fact must be regarded with respect. This is the record of Lydia E. Pinkham's Vegetable Compound, which cannot be equalled by any other medicine the world has ever produced.

It is well to remember these facts when some druggist asks you to buy something which he says is "just as good." That is impossible, as no other medicine has such a record of cures as Lydia E. Pinkham's Vegetable Compound; so do not experiment with untried medicines, but insist upon the one you know is best.

### SPECIAL ADVICE TO YOUNG WOMEN FREE.

From a vast experience in treating female ills, extending over 20 years, Mrs. Pinkham has gained a knowledge which is of untold value to every ailing young woman. Her advice never fails to help. If you need such help write her. Address, Lynn, Mass.

**\$5000 FORFEIT** If we cannot forthwith produce the original letter and signature of above testimonial, which will prove its absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

## CONTRACT RIGHTS

State Board of Education  
the Subject of an Inter-  
esting Contention.

## ACTION IN INJUNCTION

Disappointed School Book Company  
Seeks to Block Deal With a  
Rival Company.

It is Argued That the Board Had  
No Right to Make the  
Contract.

Indianapolis, March 18.—Arguments in the suit to enjoin the state board of education from signing the contract for arithmetic to be used in the Indiana schools for the next five years with D. C. Heath & Co., are on in Judge McMaster's court. Attorney-General Miller and Deputy Attorney-General Hadley represented the state board of education, while R. W. McBride appeared for Silver, Burdette & Co., who brought this suit. The successful bidders, D. C. Heath & Co., were represented by James Noel.

Against Silver, Burdette & Co.'s contention that the state board had ordered a revision of the company's text books and was bound by its acts to continue its contract for them, the state attorneys argue that the state board of education had no right to award the contract in the manner in which it intended in ordering the revision. The state board of education, Attorney-General Miller argued, is a creature of the legislature and has no power to make contracts other than as expressly given in the school book laws.

## M'CUCCLOCH DENIES REPORT

Indiana Union Traction Not Negotiating for Terre Haute & Brazil Line.

Anderson, Ind., March 18.—George F. McCulloch, president of the Indiana Union Traction company, said: "So far as I know the Indiana Union Traction company and myself are concerned there is absolutely nothing in the reports that we are negotiating for the Terre Haute and Brazil electric railways and other electric interests. It is a mystery to me how the reports are circulated and my name connected therewith, and I can only reiterate that there is nothing in the report at this time, nor has there been recently."

It was suggested to Mr. McCulloch that perhaps his company might wish the Terre Haute and Brazil Interurban lines to carry coal to the Indiana traction system. He said his company might desire several things, but that it was not after the Terre Haute and Brazil lines.

Met Death in Oil Tank.

Rensselaer, Ind., March 18.—R. M. Grimes, employed in the Jasper county oil field, while inspecting a large tank filled with crude oil, into which he descended by means of a ladder, was overcome by fumes of gas and his dead body was found floating in the oil. Grimes was a man of family.

Deadly Gas Explosion.

Elwood, Ind., March 18.—The home of Dennis Connell was wrecked by a gas explosion and Mrs. Connell was fatally injured. Her two children, aged thirteen and seven years, are also badly hurt. The explosion was caused by a leaking gas meter, which had recently been installed.

The Deadly Live Wire.

Sullivan, Ind., March 18.—Fred C. Ver, aged twenty years, accidentally came into contact with a live wire

in the sunflower mine near here and was electrocuted. Falling slate in the Wilfred mine caught Elmer Delap, aged sixteen years, a greaser, and he was killed.

"Not Guilty," Says McDonald.

Bedford, Ind., March 18.—James McDonald was brought from Bloomington yesterday afternoon and arraigned in the circuit court on the charge of murdering Miss Sarah C. Shafer. He entered a plea of not guilty and was taken back to Bloomington half an hour later.

Paper Mill Wrecked.

Wabash, Ind., March 18.—One of the large paper mills in the Wabash paper mill exploded, the enormous steel shell being hurled through the roof of the building. No one was injured, but the damage to the mill is heavy and necessitates a shutdown.

Slot Machines Must Go.

Franklin, Ind., March 18.—Slot machines in Franklin must go. An order was issued by the city council at its last meeting that every machine in the city must be removed at once. The city has been overrun by the devices for the last two years.

Killed on Way to Church.

Greensburg, Ind., March 18.—Joseph D. Pleak, eighty-two years old, was struck and instantly killed by a Big Four train at Adams. He was on his way to church and did not see the approaching train as he stepped between the rails.

Princeton, Ind., March 18.—The jury in the case of Fred Benne, charged with taking part in the Evansville riots failed to agree and was discharged.

## Colds Cause Pneumonia.

One of the most remarkable cases of cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by W. F. Peter Drug Co., and A. J. Pellens.

## BUFFALO.

Small-pox scare is almost a thing of the past. Owing to the rigid quarantine the disease had little chance of spreading. Hazel Barnett, grandchild of Wm. Goodpasture had a mild case.

Virgil Bowers is visiting friends in Davis county.

Henderson Haley has gone to California and will pay the Pacific states an extended visit.

John and Oscar Nicholson and family have located in Illinois.

A. Empson, of Vallonia, was in this vicinity last week looking after timber.

Chester Persinger has gone to Illinois to work.

## The Name Witch Hazel.

The name Witch Hazel is much abused. E. C. DeWitt & Co., Chicago, are the inventors of the original and only genuine Witch Hazel Salve. A certain cure for cuts, burns, bruises, eczema, tetter, piles, etc. There are many counterfeits of this salve, some of which are dangerous, while they are all worthless. In buying Witch Hazel salve see that the name E. C. DeWitt & Co., Chicago, is on the box and a cure is certain. Sold by W. F. Peter Drug Co., and A. J. Pellens.

## "DO IT TO-DAY."

The time-worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

## WEGAN.

Carl Wood, of Seymour, was here last week shaking hands with democrats.

The farmers are putting up a great deal of woven wire fence.

Harmon Redeker and wife, Mollie Schneider and Mrs. Pfennig were at Brownstown Sunday.

Following are the names of those to be confirmed here Sunday, March 27: Eddie Stahl, Harmon Henschler, Martin Heiman, Oscar M. Mellenkamp, Harmon Hauenschild, Bertha Tormohlen, Martha Alice, Ida Niehm and Martha Borchering.

## Happy, Healthy Children.

Any child can take Little Early Risers with perfect safety. They are harmless, never gripe or sicken, and yet they are so certain in results that robust constitutions requiring drastic means are never disappointed. They cannot fail to perform their mission and every one who uses DeWitt's Little Early Risers prefer them to all other pills. They cure biliousness. Sold by W. F. Peter Drug Co., and A. J. Pellens.

## Rejected Lover's Awful Deed.

Nemaha, Neb., March 18.—David Carroll, aged thirty years, shot and killed Annie Maxwell, a sixteen-year-old girl and then killed himself. Carroll is said to have been a rejected suitor of Miss Maxwell.
